Bhopal, M.P - 462041, India

## SUMMARY

Results-driven Front-End Developer with expertise in designing responsive, user-friendly interfaces and optimizing performance. Skilled in modern web development frameworks, UI/UX design, and cross-functional collaboration. Strong problem-solving abilities with a focus on delivering high-quality, innovative web solutions. Committed to continuous improvement and staying current with industry trends.

## WORK EXPERIENCE

- **CodSoft** Dec 2023 - Jan 2024  
*Web Developer* Remote
  - Developed multiple web applications, increasing user engagement.
  - Implemented cutting-edge web technologies, boosting development efficiency.
  - Analyzed project performance data, identifying key optimization areas.
- **Bharat Intern** Nov 2023 - Dec 2023  
*Web Developer* Remote
  - Engineered advanced web applications, improving user interaction.
  - Leveraged modern web technologies to optimize development workflows.
  - Reviewed project performance to identify and address key optimization areas.

## EDUCATION

- **Lakshmi Narain College of Technology Excellence** Nov 2021 - July 2025  
*B.Tech in Computer Science Engineering* Bhopal, India
  - CGPA: 6.70/10.00
- **Christukula Mission Higher Secondary School** July 2021  
*Higher Secondary* Satna, India
  - Grade: 72.4%
- **Christukula Mission Higher Secondary School** May 2019  
*High School* Satna, India
  - Grade: 72.5%

## PROJECTS

- **Coder's Library** June 2024  
*Tools: HTML5, CSS3, Javascript, Bootstrap, Tailwind CSS, SCSS* 
  - Developed the "Coders Library" website to provide free IT courses to learners.
  - Utilized HTML, CSS, JavaScript, and SCSS to build a responsive, user-friendly platform.
  - Created interactive components to enhance engagement and improve learning outcomes.
  - Applied user experience design principles to analyze and optimize navigation and content flow.
- **Online Front-End Editor** August 2024  
*Tools: HTML5, CSS3, Javascript* 
  - Used HTML, CSS, and JavaScript to improve code editing efficiency by 30 percent.
  - Added a download feature for users to save their code.
  - Analyzed user feedback to plan future enhancements.
  - Published the project on GitHub, gaining traction and contributing to the open-source community.

## SKILLS

- **Programming Languages:** Java
- **Front-End Web Technologies:** HTML5, CSS3, Javascript, Bootstrap, Tailwind CSS
- **Back-End Web Technologies:** Node JS, PHP
- **Database Systems:** MySQL, PostgreSQL
- **Version Control:** Git, Github
- **Hosting Platform:** Netlify, Github
- **Other Tools & Technologies:** VS Code, IntelliJ Idea, MySQL Workbench

## CERTIFICATIONS

- **Udemy Full Stack Web Development** June 2023
- **NPTEL Java** April 2024
